

FIVE CENTS

Supr. Gen. of Indus. Affairs.

CARTWRIGHT.

On our way from Pilot Mound, we saw that there was the greater part of the planting and seeding done.

Ducks, geese and prairie chickens were numerous, and a few Bunnies and squirrels were seen from their hiding places as we passed along over the prairie.

Wheat stacks everywhere and at intervals there were stretches of land dotted all over with stacks of grain, which the farmers had not time to gather last fall. The country all the way is most delightful in appearance. We crossed some streams which, judging from the size are perennial. As we reached Cartwright in the evening we were out on our trip and in morning we strolled over the prairie picked some wild flowers and soon reached Badger Creek. We followed its course for a short time we came to where the land should be, but it wasn't; it had been carried away by the flood down the prairie. The Gimly Creek joins the Badger here, so there is plenty of water for all purposes and the water is good; not brackish as in some other parts.

On our way from the Badger we called at the school and heard the teacher, Mr. W. T. Shipley, teach a class. Mr. Shipley imparts knowledge remarkably well. All of his pupils answered with precision. There are 20 pupils on the roll and there is an average of about 15.

Mr. T. B. Tweedie came from Shellburne, Ont. six weeks ago and is getting on smoothly, and is busy ploughing. He likes the country well and will certainly remain.

Mr. Jas. Stevenson came here from Ont. four years ago and bought a house and lot for which he paid \$300. He bought another lot for \$75 and built a blacksmith shop and he bought 160 acres of first class land and has already owned a good part of it in wheat. He says he knows of no country where there is such a chance for those who have no means.

Mr. John Hildred came from England, eight years ago and rented a farm in this neighborhood. He had 1,200 bushels of wheat and grain and got 42 cts. per bushel for wheat and 18 cts. only for his oats. Mr. Hildred, though has no love for the country.

Mr. Wm. Smith came from Dundee, Scotland, 5 years ago and homesteaded 160 acres 3 miles west of this town. Two years in succession his crops failed and the third year he got only 48 cts. for his wheat; though this was very discouraging, he still holds on though he would like to sell his land at a reasonable price, as an engineer and intends going into drilling extensively. He says there is a grand opening here for a grist-mill, as the nearest one is 20 miles.

Mr. Charles Manning came to Manitoba 13 years ago. Nine years ago he homesteaded 160 acres within 3 miles of the village. He says that mixed farming pays remarkably well here. As a rule he gets \$2.5 a day and some times in a rush of business, he gets as high as \$4, but this occurs seldom.

Mr. A. Taylor came from Oldham, England. He took 160 acres of land; he bought a lot in this town and built a house. He has an interest in the lumber yard. He is an Auctioneer and he intends to open an office and go extensively into contracting.

Mr. J. P. McKibbin has a livery, feed and stable here. He bought his first six years ago and built his house and stable. He now has worth about \$2,000. His 320 acres of land are worth \$2,000 and his chattels are worth fully \$3,000. He came from the county of Tyrone, Ireland, and invested his little all here and continued to invest his earnings, so he does well here. He owns that beautiful horse "Fate of Perth" whose colts take first prize wherever shown. He is worth \$1,000. He has also a very nice half-bred Arabian mare, 4 years old, which is a beauty.

Mr. J. G. Wells came from Somerset, England, 5 years ago and worked steadily at his trade ever since and makes about \$15 a week. In England he could only make a little over \$7. Board in England about \$24, and here it is from \$3 to \$4.

Mr. A. McKibbin, a harnessmaker here, opened shop three years ago and he finds business steadily increasing, and he and his help have as much as they can attend to. Mr. McKibbin has a young, fine, blood horse "Golden Star" which is standard bred and cousin to the trotter "Maid S." He is a beautiful golden chestnut, foaled in June, 1888. His dam was "Nemo," who covered the course in 2:36. He does the mile in less than 3 minutes and is registered in C. H. Register as "Nemo."

Mr. John Chesney, of Chesley, Ont., deals in horses. He brought out a carload this spring and has sold the whole of them except one 3 year old, dark brown bay having dark points and well made limbs. This mare he holds at about \$20 each.

Mr. W. J. Robertson has a livery, feed and stable here, on the main street. A year ago he bought the house and lot and he built the stables since. He owns the property at \$1,000, but as business is good with him, he intends to remain here. He also owns 320 acres which he values at \$1,500, and his chattels are worth over \$1,000.

Statistics from this station are as follows:

Wheat	100,000 bush.
Barley	5,000 "
Oats	5,000 "
Hay	10 "
Cattle	10 "
Horses	10 "

Mr. Jas. Gray, who is station agent here, kindly gave us these statistics; he has a house here this spring and before it was finished he said it. Lots are being got and new-comers to this town, would do better in a new place than in the overcrowded larger places.

There is a grand opening for a physician here.

Mr. H. Pickett tells us that farmers produce about putting in their crops in the spring and therefore they are late in harvest, and that is the reason the frost comes them.

Mr. I. M. Menary is proprietor of the Post-office store. He has samples of soap and fancy goods, drygoods, ready-made clothing etc.

Messrs. Hensley & McLean gave this town a delightful entertainment, on the evening of the 11th inst. The phonograph was in good working order and delighted the audience with its choice selections.

Rev. Mr. Guthrie is the resident, Presbyterian minister here. He is a big man and a great scholar.

Messrs. Hunter & Moore, of Crystal City, have a large branch store here, which is managed by Mr. Moore, Mr. Sharp assistant; they have a large stock of general goods.

Messrs. W. G. Robinson & Co. have a splendid stock of staple and fancy goods including glassware and hardware.

Messrs. M. Oughton and Brother are farmers along this line of railway. Mr. Oughton lives at Clearwater, and his brother at Crystal City. They own the Prince of Wales, a registered horse, No. 316, Dominion Stud book. They also own a Shropshire ram brought out from England, last year. They have 320 acres of land and pleased with the country.

Mr. E. Bacon came from Orangeville, Ont. 11 years ago and homesteaded and pre-empted 320 acres of land in this neighborhood. He has this farm rented to a Dakota man. He owns property in town worth about \$600 and his farm is worth fully \$2,200.

Messrs. Donald Young & Bro. are just now adding to their elevator at Cartwright. Mr. Young tells us that there were, during the season, three other buyers besides his firm. They have three sections of land in this part of Manitoba.

Mr. M. Watts has been around here for over ten years. He has 320 acres of good land, 5 miles out of town, which he values at \$1,500. He is agent for the Massey Harris Mfg. Co. and he tells us that the farmers payments are all up, but sure.

Mr. J. R. Bramwell a young farmer of this neighborhood says he thinks there is work for fully 20 men in this part just now and he is willing to give a man \$20 per month for 7 months.

Mr. Conlith of Clearwater, came from Ontario 12 years ago. He has 320 acres a few miles south of this village. He and his brother had some hard luck in starting a mill, after coming here but they struggled through their misfortunes and are doing well now. He also farms and is worth about \$3,000.

Mr. John Wallace is the proprietor of the Wallace Hotel at Cartwright; he owns the hotel property about 320 acres of land on the corner of which the town stands. He tells us that he is ready to sell lots at from \$50 to \$150 according to location; he is prepared to give time to purchasers.

Mr. Wallace gave I to all the churches—Presbyterian, Methodist and Church of England—to build on. The Presbyterians and Methodists, have already built and the Church of England intend doing so soon. Not only he does this but he has for months held out a standing offer of \$500, to any party, or parties, who will build a gristmill in the town.

Mr. Alex. Walsh came here without money, in '81 and took up 320 acres of land now he is worth \$5,000.

Mr. R. A. Shepherd is agent here for Messrs. Frost and Wood and he tells us that the implement business is flourishing, and he is pushing it for all it is worth. He has done remarkably well this spring. The Frost and Snow ploughs are very much appreciated and sell well. He has 320 acres of land but has rented it so as to be able to serve his own interests, as well as that of the Co.

We met with Dr. Lucas, as we were about to take the train. We were pleased to meet him as he has travelled a great deal and has a widespread, practical experience.

Mr. Taylor, who was lately married to a bonnie Scotch lassie, purchased from Mr. W. J. Robertson, that wonderful horse Old Sir John who took the Manitoba Cup at an easy trot of 2:28 at Winnipeg.

If we have omitted any of the business men of this happy town it is unintentional.

OAK RIVER.

Farmers are still sending although the cold weather has to a certain extent discouraged them.

Mr. Wm. Budd's residence is now nearing completion.

Messrs. Gray & Armstrong have their grain warehouse on a sure foundation once more and we may hope that it may long continue so.

Mr. W. C. Barr who has been confined to his bed for some days is slowly recovering.

We are in hopes that the Foresters' Hall will be in course of erection now that the cellar is finished.

No little excitement occurred in town on Saturday morning when Mr. Fraser's horses which were tied in front of Hess & Cochrane's store became frightened and broke loose and started at a furious rate towards home, but fortunately he-

fore running far they became entangled and were stopped and brought back. No serious damage was done to either horses or buggy.

Have we a new boarding house in town or have we not? is now the question to be considered.

Mr. A. Carrose of Rapid City, who is a candidate for the coming election, was in town on Saturday evening.

Mr. W. Munroe has moved into his new dwelling.

We cannot understand who is to be the lucky person to get a drive in the new buggy in this town. We think it goes north for that person.

This seems to be a bad spring for Kidds as the prairie has been burned over and the grass has not started very brisk as yet. They better be kept in and fed a while yet.

Messrs. Thomson and Wm. Cochrane attended the Convention in Rapid City on the 9th inst.

Mr. McDowell of Rapid City, intends starting a harness shop in this place in a few weeks.

Miss Donovan belongs to a poor but highly respectable family. The father, now dead, was one of the good parishioners of Reverend J. J. Salmon, parish priest of St. Mary's Church, Craig Street, who takes pleasure in recalling the merits of this good man.

The mother left a widow, depended mostly for a living on her daughter's salary. She, bestowing on her mother all the care that her feeble resources permitted and very often she wished to be able to do more. It was for this that she devised herself in order to buy a lottery ticket, not however without adding a fervent prayer. Her hopes were not in vain as we may see.

She presented herself this morning at the Lottery Office accompanied by her mother and Rev. Father Salmon.

The prize was paid her at once as the two following certificates may show.

THE PROVINCE OF QUEBEC LOTTERY.
CERTIFICATE Montreal, 6th May, '92
of the bearer of
Ticket No. 18458
\$15,000.00
